KEEP THESE REFERENCE PAGES FOR YOUR RECORDS

In accordance with the statutes of the State of Oregon, every public contracting agency contemplating receiving bids for and awarding any contract for a public improvement may require any prospective bidder (**herein referred to as applicant**) to submit a full and complete statement concerning their equipment and experience in constructing public improvements. The City of Pendleton requires prequalification and is the public contracting agency in this instance utilizing this prequalification application and prequalification process. Further references to “public contracting agency” throughout this application are intended to be references to the City of Pendleton.

The application and questionnaire forms which are bound herewith comply with the requirements of public contracting rules and will be used in determining the qualifications of applicants and in assigning limits as to the size and kinds of projects for which the applicant may submit bids.

The applicant should use care, honesty and integrity in preparing this information. The public contracting agency may make independent inquiries concerning the contractor’s past performance and capabilities.

Manner of Preparing and Filling in Forms:

This application shall include equipment and experience information for only the specific single business organization or entity which is applying for prequalification and which would be the signatory on a contract with the public contracting agency.

All answers and other entries on the forms, except signatures, should be typed or printed in ink. It is the responsibility of the applicant to return all pages whether applicable or not. Failure to do so may be grounds for denial of prequalification.

All answers and entries must be specific and complete in detail.

The prequalification application must be signed by the applicant and sworn to as the form indicates. The signatory of the statement certifies the truth and accuracy of all statements and of all answers to questions.

Use of Attachments:

Schedules, reports and other forms of prequalification statement may be used as attachments to the prescribed form, provided that the information contained therein specifically includes the information required by this form.

Place of Submission:

Prequalification applications shall be submitted to the City of Pendleton’s Engineering Department at the address shown on the prequalification application.

Time of Submission:

Prequalification applications must be submitted to the City of Pendleton by 1:00 p.m. the day before the bid opening in which the applicant wishes to participate. The date on which all required information has been received by the City of Pendleton will be considered the receipt date of the prequalification application.

Appeal Due to Denial or Revocation of Prequalification:

In case the applicant’s application for prequalification is denied or in case an existing prequalification is revoked, the applicant may appeal the denial or revocation in accordance with the rules adopted by the appropriate Public Contract Review Board.

Notification of Action Taken:

The applicant will be notified, in writing, of the action on their application.

Period During Which a Qualified Applicant Remains Qualified:

An applicant who has been notified of prequalification will remain qualified until December 31, 2024.

Requirement of Continuing Prequalification:

Applicants who have once been qualified with an agency requiring prequalification and who desire to maintain an uninterrupted prequalification standing are required to submit a new application periodically as required by such agency. Uninterrupted prequalification is contingent upon favorable action on the application. A prequalification may be revoked under the provision of ORS 279C.430.

Changes:

Major changes must be submitted with a new prequalification application. Minor changes may be submitted by addendum to the public contracting agency.

Minor changes include, but are not limited to:

- changing an address
- company name
- adding or deleting classes of work
- changing an officer

Major changes may include, but are not limited to:

- a change in business structure
- acquisition of another company
- disposal of a major portion of assets
- major ownership changes and
- substantial changes in the company's ability to perform types or amounts of work

Any change to an applicant's prequalification application must be received at the address shown in the prequalification application by 1:00 p.m. the day before the bid opening if that information affects the bid submitted. Any changes requested by the applicant must be submitted and signed by the same person who signed the original application or by a person holding the same position as the person who signed the original application.

Contact the Public Contracting Agency for specific procedures when there are changes to the information submitted in the application.

Requests for revision of the prequalification standing of any applicant will be considered whenever the applicant can make a showing of materially improved ability, but not more often than once in three months.

Joint Venture:

A public contracting agency may adopt special requirements concerning joint ventures. Before submitting a joint venture application, an applicant should ascertain if special instructions are applicable and obtain them from the designated public officer.

Jurisdiction:

ORS 279C.430(2) states: When a contracting agency permits or requires prequalification of bidders, a person who wishes to prequalify shall submit a prequalification application to the contracting agency on a standard form prescribed under subsection (1) of this section. Within thirty (30) days after receipt of a prequalification application, the contracting agency shall investigate the applicant as necessary to determine if the applicant is qualified. The determination shall be made in less than thirty (30) days, if practicable, if the applicant requests an early decision to allow the applicant as much time as possible to prepare a bid on a contract that has been advertised. In making its determination, the contracting agency shall consider only the applicable standards of responsibility listed in ORS 279C.375(3)(b). The agency shall promptly notify the applicant whether or not the applicant is qualified.

Nonresident Bidders:

ORS 279A.120(3) states: When a public contract is awarded to a nonresident bidder and the contract price exceeds \$10,000, the bidder shall promptly report to the Department of Revenue (DOR) on forms to be provided by the department the total contract price, terms of payment, length of contract and such other information as the department may require before the bidder may receive final payment on the public contract. The contracting agency shall satisfy itself that the requirement of this subsection has been complied with before the contracting agency issues a final payment on a public contract.

For information about DOR requirements contact: http://www.oregon.gov/DOR/BUS/contact_us.shtml
