All parking lot construction shall comply with Section 8.06 of the Unified Development Code Ordinance No. 3845 and Disabled Parking requirements of ORS 811.820. A permit is required for new parking lots, paving of gravel lots and overlaying of existing paved parking lots. Plans showing parking space and aisle sizes per City Parking Design Standards, driveway locations, storm drainage facilities, landscaping, signage and elevations shall be submitted to the City Engineer prior to permit issuance. Developments and/or parking lots adding more than 5,000 square feet of impervious area shall meet City stormwater management requirements.

**IMPORTANT:** Call City of Pendleton Engineering Department for inspection prior to paving at 541-966-0203. Failure to call for approval may result in removal if City Standards are not met.

The undersigned agrees that the parking lot shall be installed in accordance with the approved plans and as described above in conformance with City Standards and requirements.
