ASSIGNMENT OF ANTITRUST RIGHTS

By entering into a contract, the Contractor, for consideration paid to the Contractor under the contract, does irrevocably assign to the City of Pendleton any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future, including, at the City's option, the right to further assign any claim for relief or consideration and to control any such litigation on such claim for relief or counsel action, by reason of any violation of 15 USC 1-15 or ORS 646.725 or ORS 646.730, in connection with any goods or services provided to the Contractor by any person, which goods or services are used, in whole or in part, for the purpose of carrying out the Contractor's obligations under this contract.

In the event the Contractor hires subcontractors to perform any of the Contractor's duties under the contract, the Contractor shall require the subcontractor to irrevocably assign to the City of Pendleton, as a third party beneficiary any right, title or interest that has accrued or may accrue to the subcontractor by reason of any violation of 15 USC 1-15, ORS 646.725 or ORS 646.730, including, at the City's option, the rights to further assess any claim for relief or Counsel action and to control any litigation arising there under, in connection with any goods or services provided to the subcontractor's obligations as agreed to by the Contractor in pursuance of the completion of the contract.

In connection with this assignment, it is an express obligation of the Contractor that it will take no action which will in any way diminish the value of the rights conveyed or assigned hereunder to the City of Pendleton. It is an express obligation of the Contractor to advise the City of Pendleton of Oregon:

1. In advance, of its intention to commence any action on its own behalf regarding such claims for relief or causes of action;
2. Immediately upon becoming aware of the fact that an action has been commenced on its own behalf by some other person or persons, of the pendency of such action; and
3. The date on which it notified the obligator(s) of any such claims for relief or cause of action of the fact of its assignment to the City of Pendleton.

Furthermore, it is understood or agreed that in the event that any payment under any such claim is made to the Contractor, it shall promptly pay to the City of Pendleton its proportionate share thereof, if any, assigned to the State hereunder.

NON-COLLUSION AFFIDAVIT

- 1) This Non-Collusion Affidavit is material to any Contract awarded pursuant to the bid. According to the Oregon Public Contracts and Purchasing Laws, a public contracting agency may reject any or all bids upon the finding by the agency that it is in the public interest to do so (ORS 279.035). This public contracting agency finds that it is in the public interest to require the completion of this Affidavit by potential Contractors.
- 2) This Non-Collusion Affidavit must be executed by the member, officer, or employee of the Bidder who makes the final decision for price(s) and the amount(s) quoted in the bid.
- 3) Bid rigging and other efforts to restrain competition and the making of false sworn statements in connection with the submission of bids are unlawful and may be subject to criminal prosecution. The person who signs the Affidavit should examine it carefully before signing and assure themselves that each statement is true and accurate, making diligent inquiry, as necessary, of all other persons employed by or associated with the Bidder with responsibilities for the preparation, approval, or submission of the bid.
- 4) In the case of a bid submitted by joint venture, each party to the venture must be identified in the bid documents, and an Affidavit must be submitted separately on behalf of each party.
- 5) The term “complementary bid” as used in the Affidavit has the meaning commonly associated with that term in the bid process and includes the knowing submission of bids higher than the bid of another firm, any intentionally high or non-competitive bid, and any other form of bid submitted for the purpose of giving a false appearance of competition.
- 6) Failure to file an Affidavit in compliance with these instructions may result in disqualification of the bid.

AUTHORIZED REPRESENTATIVE _____

SPECIAL CONDITIONS

1. In the case of a difference or conflict in specifications and/or drawings, the Special Conditions, followed by the Special Specifications, followed by the City's Standard Specifications, and then followed by ODOT/APWA Specifications shall govern or prevail.
2. The Contractor shall make payment promptly, as due, to all persons supplying to such Contractor labor or materials for the prosecution of the work provided in the Contract.
3. The Contractor shall provide workers' compensation insurance coverage for all individuals, others than those exempt under ORS 656.027, who perform labor under the Contract before labor under the Contract commences. Contractor shall pay all contributions or amounts due for Workers' Compensation coverage from the Contractor incurred in the performance of the Contract.

A copy of each insurance policy, or certificate thereof, issued by a responsible and solvent insurance corporation or association authorized to issue such policy or policies under the laws of the State of Oregon shall be delivered to the City within a reasonable period of time after the same is issued by the company or companies or associations issuing such policy or policies. All said policies or certificates shall provide for a minimum of thirty (30) days notice to the City in the event of cancellation or material change in the terms.
4. The Contractor will not permit any lien or claim to be filed or prosecuted against the City on account of any material or labor furnished to the Contractor.
5. The Contractor will pay to the Oregon Department of Revenue all sums withheld from employees pursuant to Oregon Statutes.
6. The Contractor shall demonstrate that an employee drug testing program is in place.
7. If the Contractor fails, neglects, or refuses to make prompt payment of any claim for labor or services furnished to the Contractor or a subcontractor by any person in connection with this Contract as such claim shall become due, the proper officer or officers representing the City may pay such claim to the person furnishing the labor or service and charge the amount of the payment against funds due or to become due to the Contractor by reason of this Contract. The payment of a claim in this manner authorized by this paragraph shall not relieve the Contractor or the Contractor's surety from obligation with respect to any unpaid claim. (ORS 279C.515)
8. **The Contractor shall, within two (2) working hours after the advertised bid closing date and time, notify the Community Development Director in writing of the names of the first-tier sub-contractors on the disclosure form attached to the end of these Special Conditions.** Submission of the first-tier sub-contractors disclosure form only applies to public contracts for public improvements with a contract value of more than \$100,000 (ORS 279C.370). Contractors are required to disclose information about certain first-tier subcontractors. Specifically, when the contract amount of a first-tier subcontractor furnishing labor or labor and materials would be greater than or equal to: (i) 5% of the total project bid, but at least \$15,000; whichever is greater; or (ii) \$350,000 regardless of the percentage of the total project bid. **If no subcontractors need to be disclosed, enter "NONE" on the form and submit it.**
9. In addition to required payment and performance bonds which may be used for unpaid wages, all contractors, subcontractors and non-construction companies who work on public works projects, with a contract price that exceeds \$100,000, subject to the Prevailing Wage Rate law shall file a \$30,000 Statutory Public Works Bond with the Construction Contractor's Board (CCB) before starting work on the project, unless exempt, to be used exclusively for unpaid wages determined to be due by BOLI {ORS 279C.830 and ORS 279C.836}. **(See forms included in Section 5.00)** This bond applies to ALL CCB licensed and non-CCB licensed subcontractors. Contractors must include in every subcontract a provision requiring the subcontractor to have a Public Works Bond filed with the CCB and must verify that subcontractors have filed a Public Works Bond before permitting subcontractor to start work on a project, unless exempt. For more information regarding this requirement, contact the Construction Contractor's Board at (503) 378-4621.
10. If the Contractor fails, neglects or refuses to pay promptly a person's claim for labor or services that the person provides to the Contractor or a Subcontractor in connection with the public improvement contract as the claim becomes due, the proper officer that represents the municipality (Owner) may pay the amount of the claim to the person that provides the labor or services and charge the amount of the payment against funds due or to become due the Contractor by reason of the contract.

If the Contractor or a first-tier subcontractor fails, neglects or refuses to pay a person that provides labor or materials in connection with the public improvement contract within thirty (30) days after receiving payment from the contracting agency or a contractor, the contractor or first-tier subcontractor owes the person the amount due plus interest charges that begin at the end of the 10-day period within which payment is due under [ORS 279C.580 \(Contractor's relations with subcontractors\)](#) (4) and that end upon final payment, unless payment is subject to a good faith dispute as defined in [ORS 279C.580 \(Contractor's relations with subcontractors\)](#). The rate of interest on the amount due is nine (9) percent per annum as defined under ORS 279C.515(2). The amount of interest may not be waived.

11. If the Contractor or a subcontractor fails, neglects or refuses to make payment to a person furnishing labor or materials in connection with the public improvement contract, the person may file a complaint with the Construction Contractors Board, unless payment is subject to a good faith dispute as defined in ORS 279C.580. **Every contract related to this Contract shall contain a clause setting forth this requirement.**

12. If requested in writing by a first-tier subcontractor, the Contractor, within ten (10) calendar days after receiving the request, shall send to the first-tier subcontractor a copy of that portion of any invoice, request for payment submitted to the public contracting agency or pay document provided by the public contracting agency to the Contractor specifically related to any labor or materials supplied by the first-tier subcontractor.

13. Except where the Contractor is a party to a collective bargaining agreement in effect with a labor organization, no person shall be employed for more than ten (10) hours in any one day, or forty (40) hours in any one week, except in cases of necessity, emergency, or where the public policy absolutely requires it, and in such cases, the employee shall be paid at least time and a half pay:

- A) For all overtime in excess of eight (8) hours a day or forty (40) hours in any one week when the work week is five (5) consecutive days, Monday through Friday except for individuals under this Contract who are excluded under ORS 653.010 to 653.261 or under 29 U.S.C. sections 201 to 209 from receiving overtime; or

- E) The Contractor must give notice to employees who work on a public contract in writing, either at the time of hire or before commencement of work on the Contract, or by posting a notice in a location frequented by employees, of the number of hours per day and days per week that the employees may be required to work. (ORS 279C.520)

The parties to this agreement recognize that Contractor and his employees, officers, agents and subcontractors are providing professional services as independent contractors and are not providing services as employees of the City and are therefore not entitled to the benefits provided by the City to his employees, including but not limited to Workers' Compensation benefits, group health insurance, social security, pension plans, or any other benefit accruing to City's employees. 32. Oregon's Reciprocal Preference Law

ORS 279A.120 requires public contracting agencies, in determining the lowest responsible bidder, to add a percent increase to each out-of-state bidder's bid price which is equal to the percent of preference given to local bidders in the bidder's home state. That is, if the low bidder is from a state that grants a 10 percent preference to its own in-state bidders, the Oregon agency must add 10 percent to that bidder's price when evaluating the bid.

ORS 279A.120(2) states: For the purposes of awarding a public contract, a contracting agency shall:

- (a) Give preference to goods or services that have been manufactured or produced in this state if price, fitness, availability and quality are otherwise equal; and
- (b) Add a percent increase to the bid of a nonresident bidder equal to the percent, if any, of the preference given to the bidder in the state in which the bidder resides.

The Department of Administrative Services (DAS), State Procurement Office has gathered information on preference laws of all states. For more information please visit:

<https://www.oregon.gov/DAS/Procurement/Pages/Index.aspx>

33. Each bid must identify whether the bidder is a resident bidder and each bidder must be qualified in accordance with ORS 279 and other applicable sections of the Oregon Revised Statutes in order to enter into a Contract with the Owner for public work in Oregon.

34. In-State Tie-Bid Awards

All state and local contracting agencies shall give preference to in-state offerors if their offers are the same as nonresident offerors.

35. Nonresident Bidders

ORS 279A.120(3) states: "When a public contract is awarded to a nonresident bidder and the contract price exceeds \$10,000, the bidder shall promptly report to the Department of Revenue (DOR) on forms to be provided by the department the total contract price, terms of payment, length of contract and such other information as the department may require before the bidder may receive final payment on the public contract. The contracting agency shall satisfy itself that the requirement of this subsection has been complied with before the contracting agency issues a final payment on a public contract." (See form attached to the end of these Special Conditions)

To view ORS 279A.120, visit: www.oregonlegislature.gov

- b. **Hot Air Lance Crack Cleaning:** The Contractor shall use a compressed hot air lance capable of providing a high velocity, heated air stream meeting the following specifications: 1000 ft/sec exit velocity, 40 to 100 CFM compressed air capacity at 75 to 150 PSI that will produce a heated air temperature range of 600° F (315°C) to 2500° F (1370° C). Care must be taken to prevent burning the asphalt concrete pavement. Cleanup of debris generated from crack cleaning shall be the responsibility of the Contractor and considered incidental to crack sealing.
- c. **Crack Sealing:** The Contractor shall furnish all labor, equipment and materials necessary for the application of the specified sealant for crack sealing cracks at least one-quarter (1/4") inch and less than one and one-half (1-1/2") inch.
- d. **Construction Methods:** Equipment used to mix and apply the sealant shall be of sufficient design and capacity to properly heat and maintain enough sealant material for four (4) hours of application and use of said equipment shall comply with the sealant manufacturer's recommendation. The sealant material shall be handled, prepared, heated and applied consistent with the manufacturer's specifications. The face of the crack shall be surface dry, and the ambient temperature shall both be at least 45° F (7° C) and rising at the time of application of the sealant. The sealant material shall be applied immediately after the crack has been cleaned and be applied slowly and smoothly from the bottom of the crack upward in a manner that will not result in air entrapment or pocketing. The sealant material shall be brought up flush with the street surface and a "U" or "V" shaped squeegee will be used to remove any excess, and to create an overlap of the adjacent surfaces. The overlap shall not be less than one-half (1/2") inch on each side, but not greater than two (2") inches on either side of crack. If any sealant remains on the squeegee when the end of the crack is reached, distribute the excess material over the crack by running the squeegee in a return direction. If settlement beyond one-eighth (1/8") inch of the sealant occurs, the Contractor shall apply additional layer(s) of sealant necessary to bring the material flush with the surface. If at any time during the warranty period the sealant shows settlement of one-quarter (1/4") inch or more, the Contractor shall, at his expense, apply additional layer(s) of sealant. The sealed cracks shall be completely

covered with clean sanding material or other pre-approved no-tracking/non-lifting agent. The pavement surface shall then be swept and left in a clean condition. Sanding of sealed cracks and final cleaning of pavement surface are considered to be incidental to work. No traffic or construction equipment shall be permitted on the newly sealed cracks for at least one hour after placement of the sealant and refilling has been completed. If traffic causes lifting or transfer of the material within seven (7) days of application, the Contractor shall immediately repair the damaged area.

- e. **Measurement and Payment:** The quantity of sealed cracks will be measured by the linear foot of crack filled with crack sealing material, regardless of crack width, measured to the nearest foot. The accepted quantity of sealed cracks will be paid for at the contract unit price per linear foot. Payment will be paid in full for furnishing and placing all material, crack cleaning as required, crack sealing material application, coverage with sanding material, clean-up of debris on asphalt surface, traffic control as needed, and for all equipment, tools, labor and incidentals necessary to complete the work as specified.

8. GENERAL

The Contractor will ultimately be responsible to ensure that the surface of the street is adequately cleaned to guarantee the performance of the product before it is applied to the street surface. However, the City will provide one passing with a street sweeper within a few days prior to the application of the product, if a schedule is provided to the City before the Project begins, or within reasonable time before the product is applied. Contractor will be ultimately responsible to remove any vegetation or any other substances or debris that will interfere with the crack seal and shall remove and/or treat any vegetation needed to complete the Project. Advance notice to residents by Contractor will be required to ensure cars are removed from street and to notify residents of the lack of access during the Project. See Maps (Section 14.00) showing the Project locations as listed in the Proposal. After bids are received and awarded, the list of streets to be crack sealed may be adjusted and finalized to conform to the City's budget.
