- ✔ *Ordinance 3993, amending Ordinance 3471, the Business License Ordinance: This ordinance amendment will clarify the business license ordinance. Staff has had difficulty applying parts of the existing ordinance and found that there are unwritten administrative exceptions and interpretations which are confusing and difficult to apply with uniformity. The current amendment incorporates much of the present ordinance, but hopefully provides the material to the reader in a format that is easier to follow, and Section 23 has been added to address the three types of licenses only applicable during special events, such as Round-Up.*
